All care is taken to ensure livestock pose minimum threat to us and our clients. However we cannot predict nor guarantee their behaviour. Sale Day and Open Day will place stress on the cattle and expose them to situations out of their normal routine. They are not accustomed to crowds of people and the different noises they will experience on the day. Please take this into consideration when moving around the pens.

Do not enter the pens unless you need to. Visitors enter the pen at their own risk. Children under 16 years are not permitted to enter the pens. We ask that you do not put pressure on bulls in the pens. If you would like assistance there will be a representative placed at each pen.

Sale Details

HOW TO GET THERE

THE SALE

The sale will be by open cry auction in consecutive lots. The responsibility of the livestock passes to the purchaser at the fall of the auctioneers hammer.

REGISTRATION

The selling agents will be using the card registration system so please allow yourself time before the sale to register and nominate your PIC number.

REBATE

The vendor will provide a 2% rebate to outside agents introducing buyers in writing 24 hours prior to sale and settling on their behalf within 7 days.

INSURANCE

It will be the buyers responsibility to arrange insurance if needed for their purchasers.

BULL GUARANTEE

The vendor warrants that bulls are fertile and capable of natural service for 6 months from date of sale (Warranty Period). The vendor will issue a credit equivalent to the purchase price of the original bull that you can use at a future sale if infertile or incapable of natural service. A statutory declaration from the purchaser and a veterinary report must be lodged before the warranty period has expired stating the bull is defective and has not suffered illness or injury in the warranty period which could have affected his ability to breed.

The vendor has no liability (including liability in negligence) to any person for any loss and damage consequential or otherwise suffered or incurred by that person arising from the sale of the livestock to the purchaser.

ADDITIONAL INFORMATION

A supplementary sheet will be available sale day with weights on sale bulls and information on commercial females.

CATERING

Catering will be available on Sale Day with all proceeds going to the Dungog A & H Ladies Auxiliary.

Taking Delivery - Please Read

It is very traumatic for a bull to leave his mates, home ground and travel on a truck (which our bulls have never been on) to a new environment. To make it a little easier PLEASE have some cattle (a few steers or pregnant cows) in the yards ready for his arrival and throw him a bit of hay and let him get used to you and his new surrounds before letting him out.

Our bulls are handled with horses or on foot – they are not used to motorbikes, quads or dogs – so the first time you move them do so with the company of a few other cattle that are used to your methods.

When you go to look at your new bull on a motorbike/quad don't crowd him, take a biscuit of hay with you and he will soon get used to you and his new ways of being handled.

FREE FREIGHT on bulls to major centres within 200kms of Sugarloaf Angus selling complex will be provided by the vendors as soon as possible following the sale.

FREE FREIGHT to Condamine for multiple Queensland purchases.

Herd Health

All bulls have been fully vaccinated for 7 in 1, Vibrio & 3day sickness and tested free of pesti-virus. Their 7 in 1 & vibrio boosters are due May 2025 & 3 day booster due December 2024. All bulls have been fertility tested and blooded ready for tick areas.
